EVERBEARING STRAWBERRIES

Gain a Year By Planting Everbearers—Berries Next Summer and a Full Crop the following Year. The two varieties we are offering are world-wide known, and are two of the best Everbearers.

MASTODON—Berries large to very large, round, conic in shape, dark scarlet in color.
Price: 25 for \$1.50; 50 for \$2.75; 100 for \$4.95; 250 for \$11.00; 500 for \$17.50; 1,000 for \$32.50.

GEM—Berries are large, bright red, firm and roundish in shape, rather tart but of good flavor and quality; excellent plant maker.
Price: 25 for \$1.50; 50 for \$2.75; 100 for \$4.95; 250 for \$10.00; 500 for \$16.00; 1,000 for \$30.00.

On these two varieties, should we be sold out of one, we reserve the right to substitute the other. Both are good Everbearers.

DON'T BE DISAPPOINTED PLANT STRAWBERRIES THIS FALL

Due to labor shortage, the available supply of strawberry plants is not large. Why wait until spring and possibly be disappointed? Plant this fall—be sure of getting the varieties you want. Fall set plants will make some root growth before ground freezes and be all ready to make a quick start when the frost is out of the ground in the spring. Wet weather, in the spring, often holds up planting until too late to get a good start. We have set out ten acres every fall for several years and have found this the most ideal time. Further, due to the cool weather, plants are not apt to heat in transit. Although it is not absolutely necessary, it might be well to mulch the plants after the ground has frozen solid. Don't wait—plant this fall and be sure of a nice patch of luscious red berries. All plants are twice state-inspected. Stock will be fully matured and ready for shipment October 10th, and can be planted until the ground freezes.

Giant Cultivated BLUEBERRIES

BARGAIN NO. 2

2 CULTIVATED BLUEBERRIES

Here's your chance to save time and money—buy this bargain now and have berries within the next year or two.

1 3-Year-old and 1 4-Year-old plant

A \$4.25 value for only

NET, NOT PREPAID

\$3.25

(Photo shows actual size of berries)

One of the biggest money-makers as a commercial proposition. An attractive ornamental from early spring until late fall. Heavy producer—four bushes in your yard will provide enough berries for Blueberry pie throughout the season. As an ornamental shrub, the Blueberry cannot be surpassed; are full of pink buds, which open into bell-shaped, white flowers, starting in June. Blueberries must have an acid or semi-acid soil, good drainage and moderate supply of moisture. Cultural instructions on the planting of Blueberries included with every order.

The 4-, 8- and 12-year-old bushes will produce next summer. Remember, the older the bush, the more berries and profit you will receive. We cannot guarantee varieties in 4-, 8- and 12-year old, but they will consist of all good kinds.

PRICES OF BLUEBERRIES—Not Prepaid

We offer 4 varieties of the 2- and 3-yr.: Rancocas (early to mid-season), Harding (midseason to late), Jersey and Rubel (late).

Specimen JUMBO Blueberry Plants

8-year-old—no waiting for fruit. Actual photo of 8-yr. Blueberry bush in full bearing above, which is in the peak of production. Remember, more fruit and larger profits the first year from this jumbo bush. Price: 8-yr., 24-30 in. extra heavy branched stock, \$5.75 each; 2 for \$10.00. 12 yr., heavy 3-4 ft. bush, \$10.00 each.

The ACKERMAN NURSERIES

Premier

Premier

Still the leading early berry. Premier is as nearly frost proof as strawberries can be. Large, bright red, firm berries of fine texture and flavor. Unusually healthy foliage. Price: 25 for 95c; 50 for \$1.65; 100 for \$2.75; 250 for \$5.00; 500 for \$8.00; 1,000 for \$13.65.

Dorsett

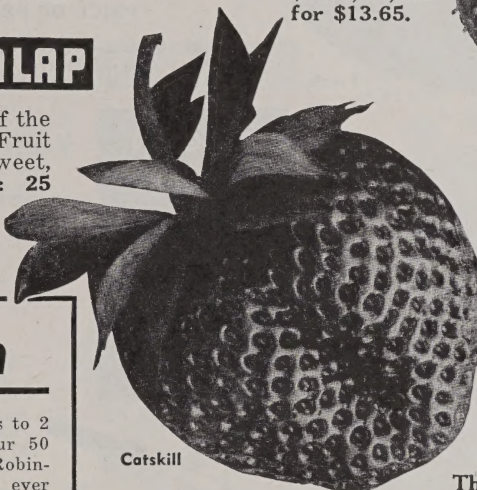

Early as Premier. Large, very firm berries of beautiful light red color; attractive shape. Price: 25 for 95c; 50 for \$1.65; 100 for \$2.75; 250 for \$5.25; 500 for \$8.50; 1,000 for \$13.65.

Dorsett

SENATOR DUNLAP

Still the Old Standby. One of the best varieties for canning. Fruit dark red, exceptionally sweet, and of good quality. Price: 25 for 75c; 50 for \$1.25; 100 for \$2.15; 250 for \$3.50; 500 for \$6.00; 1,000 for \$10.95.

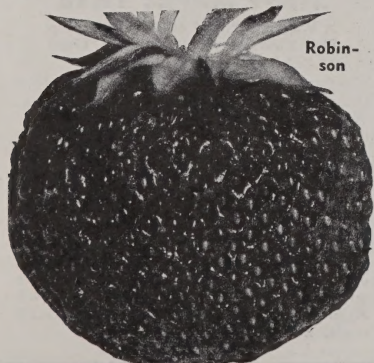

Catskill

Catskill

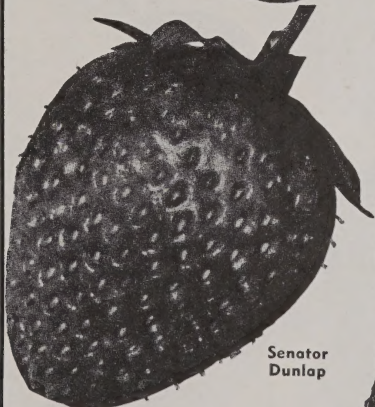

Late ripening. Good quality berries of good size and color. Excellent for canning. Price: 25 for 95c; 50 for \$1.65; 100 for \$2.75; 250 for \$5.25; 500 for \$8.50; 1,000 for \$13.65.

Robinson

The best medium to late—10 days to 2 weeks later than Premier. In our 50 years of growing strawberries, Robinson is the largest berry we have ever seen—30 berries will fill a quart. Color is a cardinal-red; berries have a firm tough skin, and are honey-sweet in flavor. Excellent plant maker on most any kind of soil. Premier and Robinson, two of the best varieties, will give you berries over the entire season. Price: 25 for \$1.15; 50 for \$1.85; 100 for \$3.00; 250 for \$7.00; 500 for \$11.00; 1,000 for \$17.00.

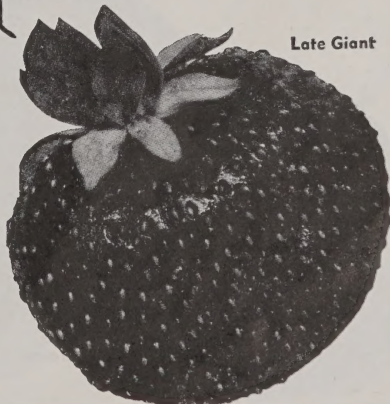

Robinson

Senator Dunlap

LATE GIANT

The best late. So late there will be no waiting between strawberries and raspberries. Giant-size berries are dark red all the way through, and honey-sweet. Price: 25 for \$1.10; 50 for \$1.75; 100 for \$3.00; 250 for \$6.25; 500 for \$9.50; 1,000 for \$15.00.

Ackerman's HOUSE PLANTS

THE ROSE GARDENIA (*Gardenia Veitchii*). The Gardenia is the most popular and fashionable flower—the flower of romance! It makes a grand house plant. Blooms from early spring until fall. Flowers are waxy white; foliage rich glaucous green. Plants prefer living room temperature. Culture same as geraniums. Price: Strong Plants from 2½ inch pots: 65c each; 2 for \$1.20. Not prepaid.

AMERICAN WONDER LEMON. Grows Lemons Indoors on Small Plants. Sometimes offered as Ponderosa Lemon. The most unique plants ever offered for indoor culture. Covered with waxy white flowers several times each year, nearly as large as Tuberoses and as fragrant as Orange Blossoms. Flowers are followed by large lemons of high quality. Fruit often weighs more than a pound. Strong plants from 2½-inch pots, 55c each; 2 for \$1.00. 4-inch \$1.50 each; 2 for \$2.75. Not prepaid.

NEW DWARF ORANGE. (Otaheite Orange). A grand pot plant of great beauty and novelty. Its glossy green leaves, fragrant waxy white, faintly tinted with pink, blossoms create a most pleasing sight. Although it attains a height of 3 to 4 feet, it is not uncommon to have 6-inch plants full of bloom and producing a few oranges. Fruit is about one-fourth the size of an ordinary orange, very delicious. A 5-inch pot has been known to carry 10 to 12 oranges at one time. Strong plants from 2½ inch pots, 55c each; 2 for \$1.00. 4-inch, \$1.50 each; 2 for \$2.75. Not prepaid.

HARDY FUCHSIA. This hardy variety produces hundreds of ruby-red pendulant flowers. An everbloomer—blooming all summer long until stopped by frost. Tops freeze back in the same manner as does the Buddleia—new growth springing up from the base early in the spring. Also fine for pot culture. Sturdy plants from 2½ inch pots, 65c each; 2 for \$1.20.

Although it is an established fact that fall is the best time to transplant stock in the Southern and Central States, it has also proven to be a successful practice in the northern climates, as well. Of course, everybody plants bulbs in the fall so they secure root growth and will have early bloom in the spring. There is also an advantage in fall planting of all kinds of shrubs, Evergreens, Trees and Roses, as the work can be done in a purely way because most gardeners have more time in the fall than they do in the spring. The ground generally is in better shape at this time of the year—just about the right amount of moisture to give your fall planting a good start. Plant in the fall, and you will have this work over and done with long before the spring rush comes on.

We can make shipment of Bulbs, Perennials (except Lily-of-the-Valley), Evergreens about the middle of September; other stock, such as Shrubbery, Roses, Ornamental Trees, Fruit Trees and Fruit Plants, about October 15th to 20th. With the exception of Perennials, Bulbs and Evergreens, do not ask us to make shipment before October 15th; although it is possible, if weather conditions are favorable so that the stock is dormant, we will make shipment earlier than specified.

SEND MONEY by postal, express or bank money order, or registered letter. Unregistered currency sent at your risk. Be sure to make all remittances payable to The Ackerman Nurseries.

SHIPMENT of most smaller orders, parcel post. Large orders usually go by express. Be sure and specify your express office if different than your post office.

TRANSPORTATION CHARGES. All stock listed is priced f.o.b. Bridgman, unless otherwise stated in catalog. You are to pay shipping charges when shipment is received. On express shipments, you pay express company upon delivery. On parcel post shipments you remit postage to us after shipment is completed, unless order is large, in which case we may ship C.O.D. for shipping charges.

PLANTING INSTRUCTIONS sent with each order.

ACKNOWLEDGMENTS. Orders acknowledged same day received, and shipped in season or as per instructions you give.

Should new or additional taxes or excise be imposed by Congress or any government bureau or agency which apply to the sale or purchase of nursery stock listed in this book, or should there be an unusual increase in our nursery cost due to changed market conditions, the price of the stock listed in this book should be increased. If the nursery stock be increased by governmental action, the amount of such tax or increased cost is to be added to all printed prices appearing in this book; and should the customer fail to include in his order the sum of such tax or increased cost, we reserve the right to add such sum or sums to the purchase price.

Further, it is mutually agreed between the customer and ourselves that we are not to be held responsible for losses or delays in transit, or failure of the carrier to effect delivery, should any governmental action at any time limit or hamper the movement of nursery stock through the regular channels of transportation.

We guarantee all of our nursery stock to be just as represented in our catalog, fully up to grade, of good quality, free from disease, and absolutely true to name; also to reach the customer alive, and in perfect growing condition. Furthermore, we will, at our option, either replace free of charge, or refund purchase price of any stock that arrives in bad condition, provided claims are made 10 days after arrival accompanied by a signed statement from the grower as to cause of loss or damage. After 10 days, it is mutually agreed that stock is satisfactory. Do not return plants unless so instructed by us.

Remember, trees, plants and vines are living things, and subject to attacks by insects, drought and disease. Continued growth depends upon soil, climatic conditions, planting and care—conditions we cannot control—hence is not guaranteed.

It is mutually agreed that in any event we will not be liable for more than the purchase price of the stock. It is understood and agreed between the customer and ourselves that the purchaser's order, and our acknowledgement of its receipt, shall constitute a mutual acceptance of the above terms and conditions.

All Stock offered in this Catalog is northern-grown; has been twice inspected by authorized State Inspectors.

Remember, Strawberry plants cannot be shipped before October 10th, as they will not be dormant before that date, which is the ideal time to plant, and from then on until the ground freezes.

SALES TAX. If you live in Michigan, add 3% sales tax on everything ordered except fruit trees and fruit plants.

New MONTMAMMOTH *Sour* CHERRY

Montmammoth
Cherries

MONTMAMMOTH SOUR CHERRY

A sport of the Montmorency. Bears the second year—no waiting for fruit. High quality cherries are large—often caliper-ing an inch in diameter. As the tree is dwarf and spreading in growth, is much easier to pick than other varieties. Heavy producer—3 to 5 fruits per spur. The parent tree was one-year-old when planted, which was 29 years ago, and it produced a 6-gallon-crate of fruit the third year. Long lived—an orchard will be a life time investment.

We offer one-year-old, 7/16 inch, 2-3 ft. trees, \$1.50 each; 3 for \$4.35; 10 for \$14.00.

New RED LEAF PEACH

The Sensational New Fruit Ornamental

Something entirely new in an ornamental! Many ornamental trees have been offered with colored foliage, but never an ornamental peach tree with **RED FOLIAGE**—bright red early in the spring, gradually dulling to a deep maroon towards fall. Its deep-rose-blossoms against the red foliage create a most pleasing contrast with your other plantings—the tree you have been looking for to put in a special place to be admired and envied by your neighbors.

Would advise you to order early, as our supply is limited. We offer these trees at the following low price: 4½-5½ ft. trees, \$1.85 each; 2 for \$3.50.
